Petition Reasons(*):

I would like to petition Math 180A to satisfy one of the 5 Upper Division elective requirements for Data Science. The course (Intro to Probability) is relevant to the major and is a prerequisite course for a core requirement option (Math 181A).

Course Description: MATH 180A. Introduction to Probability (4)
Probability spaces, random variables, independence, conditional probability, distribution, expectation, variance, joint distributions, central limit theorem. (Two units of credit offered for Math 180A if Econ 120A previously, no credit offered if Econ 120A concurrently. Two units of credit offered for Math 180A if Math 183 or 186 taken previously or concurrently.) Prior or concurrent enrollment in Math 109 is highly recommended. Prerequisites: Math 20C or Math 31BH, or consent of instructor.

Notes: [Note: For each course to be taken off-campus, you MUST upload a syllabus OR provide a link to course description. We cannot process your petition without it.](#)
