

HDSI Industry Partner Alliance Summary of Member Benefits 2020

Research & Innovation

HDSI partnership gives you access to 200 affiliated faculty across campus. Single point of contact so you can engage, interact, and partner with faculty and students to solve Data Science challenges.

- Access to relevant faculty working in area of interest
- Support to identify and facilitate research opportunities with HDSI faculty and students*
- Option to propose senior capstones and mentor undergraduate scholarship projects

Access to Talent

Recruit and build relationships with our nearly 1000 undergraduate Data Science Students. We will assist your company in hosting or participating in events such Tech Talks, Networking Nights, Company Visits, Guest Lectures, Diversity Programs, Talent Days, etc.

- Opportunity to hold tailored recruiting and student engagement events.
- Promote opportunities directly to data science students
- Inclusion in talent programs and student project showcase presentations

Continued Education

Stay current in the field of Data Science and connect your staff and management with educational resources.

- Invitation to presentations, symposia and workshops
- Access to HDSI on-campus lectures and online seminars
- Participation in research review meetings and special events

Leadership

Be an active force in helping us shape the future of the Institute and Data Science.

- Seat on the Industry Member Board (IMB)
- Guest lecture opportunity
- HDSI Industry Partner recognition and participation in our data science community network

Membership offered on sliding scale based on company revenue:

\$0 - \$10M Revenue	= \$5,000 annual membership
\$10M - \$100M Revenue	= \$10,000 annual membership
\$100M < Revenue	= \$25,000 annual membership
